

Our Students Are Our Priority

May 7, 2020

An Update for DACC Students:

DACC's got your back this Summer and Fall.

We want to keep you on track this Summer by offering all online Summer Term classes at half price. We'll also be running some labs and industrial classes on campus but will keep everybody safe with social distancing, mask requirements, and other safeguards in place.

Some Summer classes begin on May 18. Most run from June 8 to July 24.

For the Fall semester, we'll run classes on the DACC campus and in Hoopeston but with the same safety guidelines. If you choose to take online classes, we'll offer them once again at half price. As an extra-special way of encouraging you to graduate on time, you'll receive a \$500 tuition discount if you register for 15 or more credits. It's like having a three-credit class for free, and applies whether you're taking the classes online or in person.

Our DACC pledge is to do everything we can to make sure the education you receive is affordable, transferable, employable, successful, and enjoyable.

We'll work hard to keep you safe while providing the high-quality education you expect and deserve.

Thank you for choosing DACC.
